

Physical Data Model

List all the names of the tables and their row counts.

```
SELECT
    table_name AS 'Table Name',
    table_rows AS 'Row Count'
FROM
    information_schema.tables
WHERE
    table_schema = 'group_07'
    AND table_type = 'BASE TABLE';
```

| | Table Name | Row Count |
|---|---------------|-----------|
| ► | achievement | 84 |
| | certification | 109 |
| | demographic | 60 |
| | education | 169 |
| | experience | 273 |
| | language | 60 |
| | patent | 60 |
| | project | 85 |
| | publication | 88 |
| | volunteer | 88 |
